MEDIA STATEMENT

March 2019

Seeking community guidance on Local Planning Policy review

The Balingup community is invited to meet with Shire representatives to discuss ideas on the special character area local planning policy.

The open door event will be held at the Balingup Recreation Centre between 10:30am – 12noon on 17 April. Community members are encouraged to drop in for morning tea and a conversation about a draft policy.

The Shire is seeking to build on feedback received at a previous workshop held late last year.

“Shire staff have been preparing a policy based on community comments and are now looking for further direction. Any comments received will be incorporated in the draft policy prior to being formally considered by Council and starting a statutory public advertising process” said the Chief Executive Officer, Ben Rose.

Shire staff are looking forward to hearing views on the future of the Balingup Village Centre Special Character Area.
