

## Open Space (Events)

**SFFD give  
\$52,673 a year to  
Balingup**

Since 1991, the Balingup Small Farm Field Day (SFFD) has provided the town with a steady source of income; averaging out at \$52,673 per annum over the past 5 years

**Event committees  
welcome new  
ideas/ members.**

The Field Day is finding it hard to attract committee members for 2022 and they are not alone - other events also struggle to attract new team members. What will be the impact if these events are not held?.

**This is a call to  
action!**

BPA is organising an Open Space to discuss “**what changes do we need to make to support a program of inspirational and sustainable community events**” (we will discuss ALL events) and you are invited to come along:

Saturday 3<sup>rd</sup> July

Balingup Recreation Centre

4 – 6pm.

**YOU have skills**

It's not easy find new committee members – sometimes because people think they don't have the time or skills to contribute. But what if you DO and just don't know it.....

**It's a child  
friendly event**

The Recreation Centre sports hall will be open so participants' kids can shoot hoops, play soccer or just run around!

The Open Space will be a fast paced, inter-active session where people can share ideas and plan for the future. No booking required.
